PHILOSOPHY

We believe that every child is a gift, and that they need a loving, nurturing environment in which to grow and develop.

We believe that young children learn best through play and hands-on free choice type activities, along with a developmental program that meets emotional, social, academic, and physical needs of the child.

LICENSE

We are licensed by the State of Michigan, and we comply with all the requirements for the operation of a child care center.

COMMUNICATION

You will be made aware of your child's classroom schedule, activities, field trips, and various other information through periodical letters and reminders as well as daily communication with your child's teachers.

CURRICULUM

We offer a well-balanced program that includes creative play, literacy development, music, art, drama, cooking, field trips, parties, and so much more. Our pre-school makes learning fun! Children learn in an environment that encourages cooperation and sharing.

DISCIPLINE

We believe in a positive approach to disciplining children. We encourage self control and teach children to treat others with respect and kindness. We use redirection or a "time out" away from other children if necessary.

REQUIREMENTS

Children must be 3 or 4 years old by December 1, 2009 in order to enroll.
